

Custom Flyer Generator

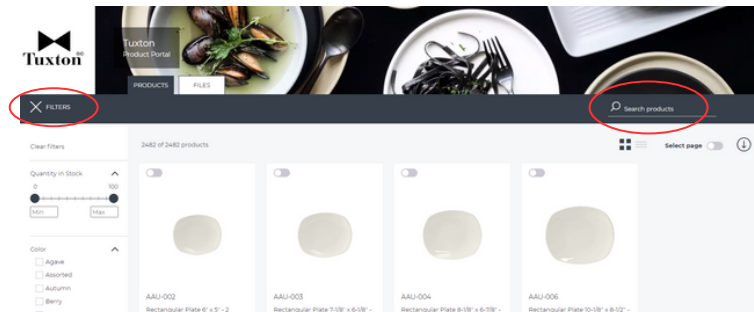

Tuxton is proud to be a leader in customer service and we are excited to launch our spec sheet generator so you can provide a customized flyer to give to your customers. Of course, you can always email us to create assets for you, but we hope this is a helpful tool for you and your customers to find the Tuxton items you love.

***Use your work email.** Note that email links **do** expire, so be sure to download your file in a timely manner. We do **not** have the ability to save lists or selected items (but you can use the HEART function on tuxton.com to save and send lists!), so make sure you've downloaded your flyer before you exit the screen.
